ABOUT THE TOY

Karim, what inspired you creating MR. Pink?

„We are an organic machine of emotions, needs, and desires. Sexual pleasure is one of the greatest proponents of our existence. I wanted MR. PINK to be fluid, playful, sculptural, biodynamic and erotic. Design is now shaping every aspect of living so the final frontier is to shape a better sex life.“

What do the symbols PHENOMENA and BODY stand for?

„When one has a phenomenological experience it is an authentic experience for the first time. My symbol of phenomena is an unveiling of an actuality.“

Body symbol is our physical being that should be worshipped and nurtured. It is experiential of our physiological and biological state.

Globalove and Globalust, Karim“

Thanks a bunch Karim!
